

## 82 READINGS RELATED TO YOUR PROFESSION

Please provide a description of any books, articles and/or research papers you have read.

Name:

Activity Date:

Jane Henry

Nov. 12 / 04

Title:

Computerized Tomography - The Basics

Subject:

CT Reviewing the Basics

The Canadian Journal of Medical Radiation  
Technology Fall 2004, Vol. 40, Number 3

Author:

Dr. Kenneth Hillness M.B. FRCRC

Length of time to complete in hours:

1.5 hours

Description of content:

Introduction to CT includes information  
on CT procedures, equipment (components)  
length of time for procedures and  
scan protocols

How it has helped you on the job:

I now understand how the CT scanner in  
my dept works. I understand how the  
image is produced as well as the  
physical and technical requirements to perform  
a CT scan to produce high quality images.
