

PART A

The following questions summarize pertinent information about your current roles and responsibilities. Please answer these questions – your responses should provide you with a “formal” summary of your strengths and may help you identify some opportunities for skill and/or knowledge enhancement.

NAME:

Jane Henry

DATE:

Feb 7/04

The specialty I practise in is:

Radiography

The type of facility I work in is:

Public Hospital

I am a: – (Note: check all categories below that apply to you)

 clinical MRT
 manager of MRTs
 other (Please specify) _____

My key areas of responsibility are:

General Radiography

My anticipated new or changed areas of responsibility will include:

Would like more responsibility in CT and working with geriatric patients

New skills I anticipate I will be required to use on my job include:

*Cross sectional anatomy for CT
Positioning for geriatric patients*

Areas I am interested in learning more about:

- Being able to perform CT procedures*
- the special needs of the geriatric patient*
- CPR - Perform at the accepted level*

How these areas apply to my current or anticipated job responsibilities:

- I hope to get a CT rotation*
- I want to be the dept. geriatric specialist*
- Perform CPR in emergency situations*
